

November 7, 2017

Ms. Charlotte Allen
Town Secretary
Double Oak, TX

Dear Ms. Allen,

As you know, Waste Management bills your residents on a quarterly basis. Attached are the updated CPI adjusted rates beginning on January 1, 2018. Per the contract, Waste Management is allowed an increase based on the CPI excluding shelter each year.

Attached please find the CPI adjustment calculation for your records, and the new pricing sheet for next year.

As a reminder, if the adjustment does not exceed 4% this adjustment does not require council approval. I am, however, happy to present this information to council should they request. The increase based on CPI will be 1.47%. This will adjust the residential rate from \$17.87 to \$18.13.

Please let me know if you have questions.

Respectfully,

TJ Gilmore
Public Sector Manager
